

FINDING YOUR RING SIZE

Creating your perfect stack starts with the right size. Download and print this guide for an easy way to determine what your size is at home!

**Use this ruler ensure this guide is scaled properly. Check that the ruler above matches a real ruler in order to get the correct ring sizes.*

ALREADY HAVE A RING THAT IS THE PERFECT SIZE?

Place your ring on top of the circles and find the one that matches it perfectly to get it's size!

Cut along the dotted lines, including the slit just below the words "YOUR SIZE". Slip the pointed end through the slit to make a loop and slip it onto your finger like a ring. Tighten the loop around your finger where you would want your ring to sit. Make sure snug but still able to fit over your knuckle.
